Xerox® Audio Documents App

Get your content on the go.

Text in. Audio out.

Convert hard-copy content into an audio file on your ConnectKey® Technology-enabled multifunction printer or from your mobile device. It's fast and easy, and lets you listen wherever, whenever.
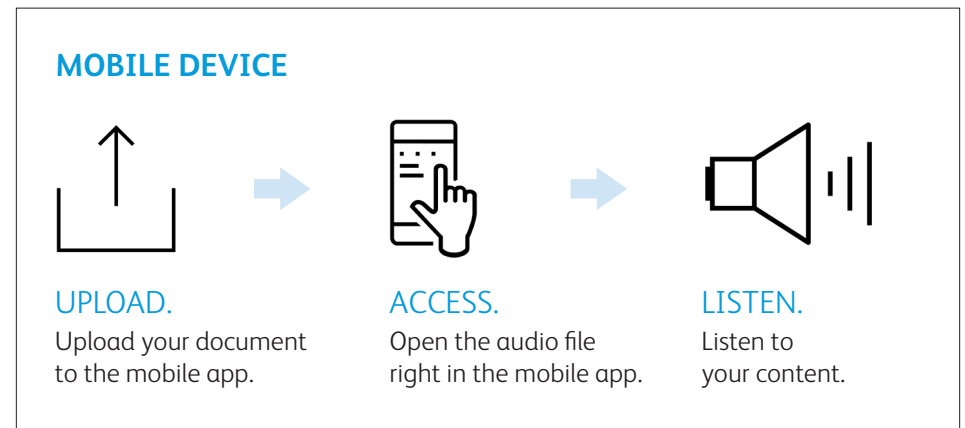

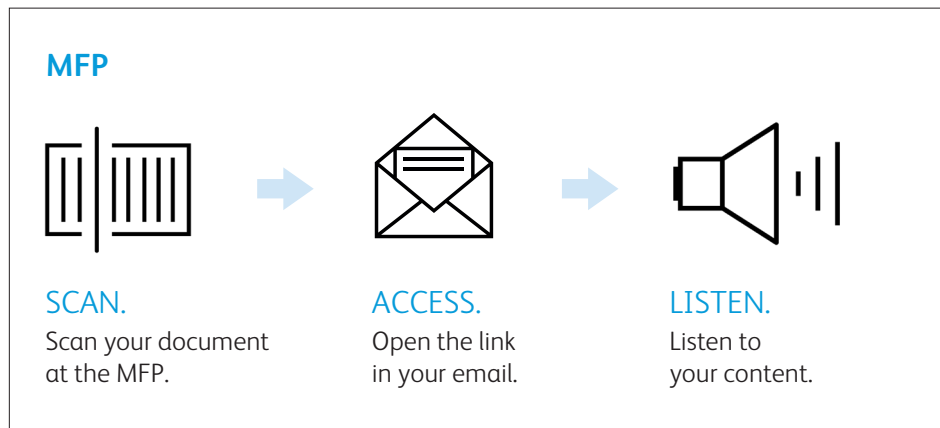

Top 3 reasons
why people enjoy listening to audio content:*

- Multitasking
- Portability
- Enjoy being read to

Xerox® Audio Documents

Built for road warriors, commuters, multitaskers and audio-lovers, this app allows you to ditch paper-based content and let your ears do the work. This new productivity tool can help you save time and catch up when you're on the go.

Scan.

Log in to your account, enter the recipient email address, then scan to convert your document to an audio file.

Upload.

Instant audio is now mobile. Download the mobile app to your phone or tablet, log in and submit a digital file to create your audio file.

Listen to your file.

Open the link in your email or tap on the file within the app on your mobile device. Just like that, you'll be able to listen to your documents instead of carrying them around to read them.

Your workplace assistant is ready and waiting.

Streamline workflows and tame complex processes in any office setting with Xerox® ConnectKey® Technology-enabled devices and apps for your workplace assistant.

This app supports document submission in English, French, Spanish, German, Italian and Brazilian Portuguese for every person, every industry.
